

Asian Digital Modeling Contest 2017

ADMC 2017

We invite you to submit an original design of 3D model that can be fabricated by a 3D printer. The selected designs for the final contest will be presented at the exhibition venue. We will invite the authors of the selected models to the final contest, in order to explain their design works. The exhibition and final contest of ADMC will be held during AFGS 2017 (Asian Forum on Graphic Science) in The University of Tokyo.

For more information, please check the ADMC web site.
